1.2 PURPOSE

The purpose of this RFA is to identify eligible contractors through qualification to provide:

- Health Maintenance
- Residential Repair

commencing October 1, 2021 and ending September 30, 2022, with a yearly renewal option for two (2) years, contingent upon contractor performance, AACOG approval, and funding availability.

1.3 BACKGROUND INFORMATION

1.3.1 Alamo Area Council of Governments (AACOG)

AACOG is a voluntary association of municipal and county governments and special districts located in Bexar County and the surrounding twelve counties. Defined as a political subdivision of the State of Texas, the Alamo Area Council of Governments (AACOG) was established in 1967 under Chapter 391 of the Local Government Code as a voluntary association of local governments and organizations that serves its members through planning, information, and coordination activities. AACOG serves the Alamo Area/State Planning Region 18, which covers 13 counties and 12,582 square miles. Comprising the area planning region are Atascosa, Bandera, Bexar, Comal, Frio, Gillespie, Guadalupe, Karnes, Kendall, Kerr, Medina, McMullen, and Wilson counties.

It is AACOG's policy to treat all persons, potential members, vendors, contractors, subcontractors, providers, suppliers, and others fairly, equitable, in a nondiscriminatory manner. AACOG employees, as public servants, will execute their duties in a fair and legal manner, avoiding actual or perceived conflicts of interest.

1.3.2 Funding Sources

AACOG is designated as the AAA under contract with the Texas Health and

Human Commission and this RFA funding authority is from OAA as amended, and its regulations; Health and Human Services (HHS) regulations on Administration of Grants; 45 CFR 74; 45 CFR 92; 45 CFR 1321; 45 CFR 91; the Uniforms Grant Management Standards (UGMS); all applicable HHSC and AAA rules as published in the Texas Administrative Code (TAC), Title 40, Part 1, Chapters 80 – 85; and all state and local laws as pertains to this contract and its attachments. AACOG expects to award multiple contracts for services in the AACOG region.

The OAA requires each AAA and its subcontractors to implement effective outreach strategies that will identify individuals eligible for assistance with special emphasis on:

- 1.3.2.1** Older individuals who are low income;
- 1.3.2.2** Older individuals who are members of a minority group
- 1.3.2.3** Older individuals with greatest economic need;
- 1.3.2.4** Older individuals with greatest social need;
- 1.3.2.5** Older individuals with severe disabilities;
- 1.3.2.6** Older individuals with limited English speaking ability;
- 1.3.2.7** Older individuals with Alzheimer’s disease or related disorders and with neurological or organic brain dysfunction;
- 1.3.2.8** Older individuals who are residing in rural areas;
- 1.3.2.9** Older individuals at-risk of institutional placement.

1.4 SCOPE OF WORK

1.4.1 Residential Repair- TAC, Title 26, Part 1, Chapter 213, Subchapter C, Division 3, Rule 213.215

- 1.4.1.1** Purpose. This section establishes the requirements for residential repair services, a service provided under the Older Americans Act and funded, in whole or in part, by HHSC.
- 1.4.1.2** Eligibility. An AAA must ensure that a program participant who receives residential repair services:
 - 1.4.1.2.1** is 60 years of age or older;
 - 1.4.1.2.2** Lives in a residence that requires repair or modification to enhance or address:
 - 1.4.1.2.2.1** energy efficiency;
 - 1.4.1.2.2.2** structural integrity; or
 - 1.4.1.2.2.3** The health and safety of the program participant.
 - 1.4.1.2.3** Requirement for vendor to provide services. An AAA must enter into a vendor agreement for the provision of residential repair services.
 - 1.4.1.2.4** Service authorization. Before residential repair services are provided by a vendor to a program participant, a AAA must ensure that the vendor obtains authorization for the services from the AAA in accordance with §83.3(o) (2) (B) of this title (relating to System of Access and Assistance).
 - 1.4.1.2.5** Intent of services. An AAA must ensure that the residential repairs made by a vendor are essential for maintaining the health, safety, and independence of the program participant living in the residence.

- 1.4.1.2.6** Unit of service. The unit of service of residential repair services is one residence receiving services totaling no more than \$5,000 within the current federal fiscal year. An AAA may exceed the \$5,000 limit if it has prior written approval from HHSC.
- 1.4.1.2.7** Descriptions of residential repair services.
 - 1.4.1.2.7.1** Structural services. Structural services are any repairs to the structure of the residence considered necessary to the health and safety of the program participant.
 - 1.4.1.2.7.2** Accessibility modifications. Accessibility modifications are structural adaptations to meet the needs of a program participant who has a disabling condition.
 - 1.4.1.2.7.3** Electrical services. Electrical services are replacement, repair, and installation of essential electrical wiring or fixtures including telephone wiring.
 - 1.4.1.2.7.4** Plumbing services. Plumbing services are replacement, repair, and installation of essential plumbing lines or fixtures.
 - 1.4.1.2.7.5** Weatherization services. Weatherization services are repairs and modifications or purchase of supplies that protect a residence from the effects of the weather, conserve energy, or provide alternative energy sources to heat or cool.
 - 1.4.1.2.7.6** Safety and security modification. Safety and security modifications are measures taken to prevent accidents, fires, or intrusion into a dwelling and the repair, modification, treatment, or removal of safety hazards in the residence.
 - 1.4.1.2.7.7** Essential appliances. Essential appliances are appliances necessary to sustain a healthy environment and independent living.
- 1.4.1.2.8** Rental units. If the residence in which a program participant is living is not owned by the program participant, an AAA must obtain a signed agreement from the owner authorizing the services before services are provided.
- 1.4.1.2.9** Prohibited activities. Residential repair services do not include the following activities:
 - 1.4.1.2.9.1** Construction, repair, or maintenance of outbuildings such as garages, carports, animal shelters, or greenhouses;
 - 1.4.1.2.9.2** Installation, repair, or maintenance of nonessential appliances and fixtures; and
 - 1.4.1.2.9.3** Beautification of property or other activities that are strictly for cosmetic purposes.
- 1.4.1.2.10** Services completed before payment. An AAA must ensure that before payment is made for residential repair services one of the following occurs:
 - 1.4.1.2.10.1** the program participant acknowledges, in writing, the services have been completed; or
 - 1.4.1.2.10.2** The AAA has confirmed by an on-site visit that the services have been completed.

1.6 CONTRACT AND PAYMENTS

- 1.6.1 The contract may be renewed in one (1) year increments up to two (2) times contingent upon contractor performance, continued funding, and AACOG approval.
- 1.6.2 An **AGING Standard Price List (Exhibit A, B, and C)**, is attached to this RFA for all materials. AACOG will not reimburse contractor for any other costs incurred.
- 1.6.3 Completion of services by Contractor shall be determined by AACOG. All payments shall be made in accordance with the **Standard Price List**, attached hereto as (**Exhibit A, B and C**). Payments under this RFA shall not exceed the quoted amounts.
- 1.6.4 AACOG shall not be liable for any costs incurred by Contractor in the performance of this RFA, which have not been billed to the agency within thirty (30) days following termination of this RFA.
- 1.6.5 Contractor shall submit invoices to AACOG for payment for each completed unit on a monthly basis. Contractor understands and agrees that it will be paid solely through AACOG's funding sources and payment is contingent upon AACOG's reimbursement from its funding sources. Contractor hereby agrees and acknowledges that Contractor shall not have any claim against AACOG in the event AACOG loses funding from its sources and is unable to pay Contractor for work performed.
- 1.6.6 Contractor must submit a summary with an itemized listing of materials and labor costs for each project-completed. All work is performed on a cost-reimbursement basis. No draws and or advances will be provided under this or any subsequent agreement. Payment for labor and materials will be made when the completed work on the project has been completed and the residential satisfaction form has been signed by consumer and AACOG has received funds from applicable funding sources. Payment will normally be made within a 30-day timeframe from the date of invoicing.

1.7 CONTRACTOR REQUIREMENTS

- 1.7.1 The contractor must recognize the special needs and concerns of low-income, elderly and handicapped clients and must ensure that clients are at all times treated respectfully and professionally. The contractor's staff must conduct themselves in a professional manner at all times.
- 1.7.2 Contractor must be licensed, certified and prepared to adhere to Lead Safety Practices when performing work on older housing stock. Contractors should expect unannounced monitoring of records and work sites by AACOG staff as well as various agencies from the U.S. Government and the State of Texas. All work will be inspected by an AACOG Inspection Professional prior to invoicing.
- 1.7.3 Upon completion of a project, the contractor must remove all debris from the job site and dispose of it in a proper and responsible manner.
- 1.7.4 The contractor will take all precautions necessary to protect all existing trees, shrubbery, plants, sidewalks, buildings, vehicles, etc., in the work area.
- 1.7.5 The work must be completed in a timely and expeditious manner. The contractor is expected to provide ongoing progress reports to AACOG indicating work schedule and work status. The contractor (work crew supervisor) is responsible for advising AACOG of any recommended

changes; however no changes will be authorized or paid for by AACOG without AACOG's prior written approval.

- 1.7.6 The contractor and its subcontractors are considered independent contractors and shall indemnify and hold harmless AACOG, Aging staff and AACOG clients from all claims arising out of work performed.
- 1.7.7 Contractor must rebuild, repair, restore and make good at his/her own expense all injury and damage to same which may result from work being performed under this contract.
- 1.7.8 The Federal Privacy Act of 1974 and related state law and regulation regulate the proper disclosure of individually identifiable information and/or records. Contractor must take special precautions to protect confidential information from loss, authorized use, access, disclosure, modification and destruction.
- 1.7.9 Performance of this RFA and all work or obligations covered by and arising out of this RFA shall be at the risk of Contractor exclusively. To the fullest extent permitted by law, Contractor shall, with respect to all work or obligations covered by or arising out of the this RFA, or the performance thereof, indemnify, hold harmless and defend AACOG and each of its officers, partners, joint venture partners, representatives and/or employees from and against any and all allegations, losses, claims, actions, demands, damages, liabilities, or expenses (including costs, expenses and attorney's fees), arising directly or indirectly from this RFA, or the performance thereof.
- 1.7.10 Contractor is responsible for any job-related illness or injury to workers in their employment and/or-clients, and shall indemnify and hold harmless AACOG personnel and AACOG clients in the event an on-the-job illness or injury occurs.
- 1.7.11 **CFR 41 Part 60-3/4/20/50 – Obligations of Contractors and Subcontractors**

These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment qualified protected veterans, qualified individuals with disabilities and all individuals without regard to race, color, religion, sex, or national origin.

1.8 MATERIAL REQUIREMENTS

AACOG will not be billed for materials transportation or delivery costs. Materials must be new and in good condition. AACOG will not be charged for items, which are damaged prior to or during installation, or wasted or unused (excess/leftover) materials.

1.9 QUALITY REQUIREMENTS

- 1.9.1 Contractor must rebuild, repair, restore and make good at his/her own expense all injury and damage to same which may result from work being performed under this contract.
- 1.9.2 Contractor must own an acceptable refrigerant recovery unit and must dispose of any recaptured refrigerant as required by local code and/or state law.

1.10 REPORT REQUIREMENTS

1.10.1 Program Penalties

The contractor is responsible for correcting any work deficiencies identified by the AACOG Representative. Deficiencies may include quality of workmanship and incomplete work, etc. Failure to take required corrective action within five (5) working days may result in termination of the contract. The contractor is also responsible to guarantee all work performed. Therefore, any calls from clients regarding problems with installed materials, equipment or appliances are required to be under a one-year warranty by Contractor. Any problems of this nature will require the contractor to return to the dwelling unit for corrective action at no cost to AACOG or the client. A one hundred dollar (\$100.00) first instance inspection fee shall be paid by Contractor to AACOG to conduct an inspection of the corrective action. A two hundred fifty (\$250.00) re-inspection fee will be assessed should AACOG need to conduct a second Inspection of the dwelling unit as a result of contractor deficiencies. Thereafter, a two hundred fifty (\$250.00) fee will be assessed to the contractor for each subsequent re-inspection that AACOG is required to conduct in order to obtain a passing Final Inspection. Uncorrected penalties will be deducted from monthly pay applications.

dogura@aacog.com

2.3.4 During the period between the date AACOG issues this RFA and the selection of the contractors are awarded a contract by AACOG, if any, Respondents shall restrict all contact with AACOG and direct all questions regarding this RFA, including questions regarding terms and conditions, only to the individual identified above in Section "Inquiries and/or Discrepancies" in the specified manner. Do not contact members of the Board of Directors, other employees of AACOG or any of AACOG's agents or administrators. Contact with any of these prohibited individuals after issuance of this RFA and before selection is made, may result in disqualification of the Respondent. The communications prohibition shall terminate when the contract is executed by the Contractor and AACOG.

2.3.5 Prohibited communications includes direct contact, discussion, or promotion of any Respondent's application with any member of AACOG's Board of Directors or employees except for communications with AACOG's designated representative as set forth in this RFA and only in the course of inquiries, briefings, interviews, or presentations. This prohibition is intended to create a level playing field for all potential Respondents, assure that decisions are made in public, and to protect the integrity of the RFA process. Except as provided in the above stated exceptions, the following communications regarding a particular invitation for bids, requests for application, requests for qualifications, or other solicitation are prohibited:

2.3.5.1 Communications between a potential contractor, service provider, bidder, respondent, lobbyist or consultant and any member of AACOG's Board of Directors.

2.3.5.2 Communications between any director and any member of a selection or evaluation committee.

2.3.5.3 Communications between any director and administrator or employee.

- 2.3.6** The communications prohibition shall not apply to the following:
- 2.3.6.1** Communications with AACOG's purchasing agent specifically named and authorized to conduct and receive such communications under this RFA or upon the request of AACOG, with AACOG's general counsel.
 - 2.3.6.2** Presentations made to the Board of Directors during any duly noticed public meeting.
 - 2.3.6.3** Nothing contained herein shall prohibit any person or entity from publicly addressing AACOG's Board of Directors during any duly noticed public meeting, in accordance with applicable Board policies, on a matter other than this RFA or in connection with a presentation requested by AACOG's representatives.

2.4 AVAILABILITY OF REQUEST FOR APPLICATIONS

The RFA will be posted as noted on Page 1, RFA Links, or at the request of the proposer, by contacting procurement staff at the above fax or e-mail beginning May 28, 2021. The RFA is also available at the above address from 8:00 a.m. – 5:00 p.m., Monday through Friday (except for holidays). Any interested party that receives this RFA by means other than directly from AACOG is responsible for notifying AACOG that it has received an RFA package so that when an addenda to this RFA is issued the information can be provided to all interested parties.

2.5 Proprietary Information and the public information ACT

- 2.5.1** Because contracts are awarded by a governmental entity, all responses submitted are subject to release as public information after contracts are executed. If a Respondent believes that its response, or parts of its response, may be exempted from disclosure, the Respondent must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the Respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.
- 2.5.2** The determination of whether information is confidential and not subject to disclosure is the duty of the Texas Office of Attorney General (OAG). AACOG must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Respondent are not acceptable. AACOG must comply with the opinions of the OAG. AACOG assumes no responsibility for asserting legal arguments on behalf of any Respondent. Respondents are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information. After completion of award, these documents will be available for public inspection.

PART 3.0–GENERAL INFORMATION & ADMINISTRATIVE REQUIREMENTS

3.1 ELIGIBLE PROVIDERS

- 3.1.1** AACOG expects to receive proposal statements from established and knowledgeable entities with demonstrable expertise in the tasks required. The proposer(s) selected for contract will become a sub-recipient and responsible for eligibility determination and service delivery as outlined in the SOW.
- 3.1.2** It is the policy of AACOG to encourage participation by small and historically underutilized businesses (HUBs), as defined in Government Code, Chapter 2161, as contractors to AACOG. It is the goal of AACOG to include HUBs in at least ten percent (10%) of the total value of contracts awarded annually.
- 3.1.3** To be eligible for consideration:
 - 3.1.3.1** Licensed to do business in the State of Texas
 - 3.1.3.2** Contractor shall carry adequate comprehensive general liability insurance coverage, and motor vehicle coverage for personal injury and for property damage for purposes of protection against the hazards arising out of or in connection with carrying out any activities under this contract. The present required insurance amounts are as follows.
 - 3.1.3.2.1** General liability insurance coverage to cover bodily injury and property damage to a third party \$1,000,000 per occurrence; \$2,000,000 aggregate
 - 3.1.3.2.2** Professional liability coverage related to errors and omissions at the minimum coverage level of \$250,000.
 - 3.1.3.2.3** Workers Compensation & Employer Liability coverage at the statutory limit of \$500,000 per accident
 - 3.1.3.2.4** Automobile liability coverage at the statutory limit of \$500,000 per occurrence
- 3.1.4** AACOG is prohibited from contracting with any entity debarred, suspended, or otherwise excluded from or ineligible for participation. Accordingly, a contract requires Contractors to certify that they are in compliance with the Federal regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98-510, Participant's Responsibilities. The Contractor must certify that to the best of its knowledge and belief that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by a Federal department or agency.
- 3.1.5** Proposers must be knowledgeable of the OAA and HHSC statutes, regulations, rules and policies and all services outlined within this RFA and must accurately apply them in developing the RFA response.
- 3.1.6** Respondents must possess the knowledge, experience and expertise, professional judgment and capacity within their organization to perform the services and activities requested under this RFA, and meet high standards for public service and fiduciary responsibility.

3.2 CONTRACT INFORMATION

- 3.2.1** TYPE OF CONTRACT: This Request for Application may result, assuming a contractor is selected and an award made, in an Indefinite Delivery, Indefinite Quantity Contract (IDIQ). There will be no guarantee of work assigned or awarded.

- 3.2.2 CONTRACT PERIOD:** It is the intent of AACOG to execute a contract for the delivery of services identified for an initial period of beginning on or about **October 1, 2021 and ending September 30, 2022**. Any annual contract extension shall be at the sole discretion of AACOG and shall be based upon AACOG's evaluation of Contractor's performance and compliance under the terms and conditions of the contract. AACOG reserves the right to terminate a contract at any time based on Contractor performance or noncompliance, however, no contract under this RFA will exceed 60 months.
- 3.2.3 ADDITIONAL FUNDING:** AACOG reserves the right to expand the contract to include additional service units identified, or additional funding in the application response that AACOG deems beneficial to the area.
- 3.2.4 REASSIGNMENT:** In the event a Contractor fails to perform as required, AACOG reserves the right to terminate the contract early and assign the contract in whole or in part to a comparably ranked proposer/application obtained through this procurement, subject to successful contract negotiations.
- 3.2.5** By 30 days written notice by either party provided that Contractor shall be required to satisfactorily complete all projects in progress at the time notice is given.
- 3.2.6** In the event of a breach of this RFA by either party hereto that is not remedied within five (5) working days after delivery of written notice of such breach, the non-breaching party may terminate this RFA by providing ten (10) days written notice to the other party of their intent to terminate this RFA. Upon early termination of this RFA by either party without cause or by Contractor for a breach of this RFA by AACOG, AACOG shall pay for the fees and expenses for services rendered by Contractor up to the effective date of termination. In the event of a breach of this RFA by Contractor that is not remedied within the cure period set forth above, Contractor shall only be entitled to payment of its fees and expenses for that portion of the services that were properly performed.

3.3 GOVERNING PROVISIONS AND LIMITATIONS

Violation of any of the following provisions may cause an application to be disqualified and rejected from consideration:

- 3.3.1** The application, if accepted, will become the basis for the contract scope of work.
- 3.3.2** Respondents must submit a comprehensive application for all services solicited. Any application that is not comprehensive will be deemed non-responsive.
- 3.3.3** The only purpose of this RFA is to ensure uniform information in the solicitation of applications for the procurement of identified services. This RFA is not to be construed as a purchase agreement, contract or as a commitment of any kind; nor does it commit AACOG to pay for costs incurred prior to the execution of a formal contract unless such costs are specifically authorized in writing by AACOG.
- 3.3.4** AACOG reserves the right to accept or reject any or all applications received, to cancel or reissue this RFA in part, or its entirety.
- 3.3.5** AACOG reserves the right to award a contract(s) for any services solicited in this RFA in any quantity AACOG determines is in its best interests.

- 3.3.6** AACOG reserves the right to extend, shorten, increase or decrease any contract awarded as a result of this RFA.
- 3.3.7** AACOG reserves the right to request additional information, clarification of or explanation for any aspect of a response to this RFA.
- 3.3.8** AACOG reserves the right to waive any minor defect in the procurement process or to correct any error(s) and/or make changes to this solicitation it deems necessary. AACOG will provide notifications of any changes in this RFA to all interested parties having requested or received a copy of this RFA.
- 3.3.9** AACOG reserves the right to negotiate the final terms of any and all contracts or agreements with selected proposers and any such terms negotiated as a result of this RFA may be renegotiated and/or amended in order to successfully meet the needs of the regional area.
- 3.3.10** AACOG reserves the right to contact any individual, agency, employer or granting agencies listed in an application, contact others who may have experience and/or knowledge of the respondent's relevant performance and/or qualifications; and to request additional information from any and all respondents.
- 3.3.11** AACOG reserves the right to conduct on-site reviews of records, systems, procedures, including credit and criminal background checks of any entity selected for funding under this RFA. This may occur either before or after the award of a contract or agreement. Any misrepresentation of the proposer's ability to perform as stated in the RFA response may result in the cancellation of any contract or agreement awarded.
- 3.3.12** AACOG reserves the right to withdraw or reduce the amount of an award or to cancel any contract or agreement resulting from this RFA if adequate funding is not received by AACOG from funding sources or due to legislative changes.
- 3.3.13** Respondents shall not, under penalty of law, offer or provide any gratuities, favors or anything of monetary value to any officer, board member, employee, application evaluator, or agent of AACOG or elected official for purposes of having an influencing effect on this procurement.
- 3.3.14** Respondents shall not attempt in any manner to advocate for, lobby or otherwise attempt to influence any officer, board member, employee, application evaluator, or agent of AACOG or elected official for purposes of having an influencing effect on this procurement.
- 3.3.15** No officer, board member, employee, application evaluator, or agent of AACOG shall participate in the selection, award or administration of a contract if a conflict of interest, or potential conflict, is involved.
- 3.3.16** Respondents shall not engage in any activity that will restrict or eliminate competition. Violation of this provision will cause a respondent's application to be disqualified and rejected. This does not preclude joint ventures or subcontracts.
- 3.3.17** The contents of a successful application will become a contractual obligation if selected for the award of a contract. Failure of a respondent to accept this obligation may result in cancellation of an award. No plea of error or mistake shall be available to successful proposer as a basis for release from proposed services at the stated price/cost. Any damages assessed by AACOG as a result of a successful proposer's failure to contract with AACOG may be recovered from the proposer.
- 3.3.18** A contract with a selected proposer may be withheld, at the sole discretion

of AACOG, if issues of contract or questions of non-compliance, questioned/disallowed costs, audit/monitoring findings or legal issues exist, until such issues are satisfactorily resolved.

- 3.3.19** AACOG is exempt by law from paying State Sales Tax and Federal Excise Tax.
- 3.3.20** Contractor shall retain all records for a minimum period of seven (7) years after AACOG makes final payment and all other pending matters are closed. This requirement is to assure fair settlement of disputes or complaints that may arise, as well as to fulfill federal audit requirements. This requirement survives the termination of this RFA for any reason.
- 3.3.21** Contractor shall submit to AACOG all documentation or forms required by funding sources, including materials, tools, equipment and other specifications as required by AACOG and HHSC. This requirement survives the termination of this RFA for any reason.
- 3.3.22** Contractor shall keep all work documentation in a separate client file.
- 3.3.23** KNOWN OR SUSPECTED INCIDENT OF FRAUD: As the Health Maintenance and Residential Repair Services are state and federally funded, any known or suspected incident of theft, fraud or program abuse involving Contractor or its employees or its subcontractors' employees will be reported immediately by AACOG to the affected funding source for appropriate action. Contractor is likewise required to report to AACOG any suspected theft, fraud or program abuse committed by any person or entity including Contractor's employees, subcontractors, or agents. Contractor may not discriminate against any employee or other person who reports a violation of the terms of this contract or of any law or regulation to AACOG and HHSC or to any appropriate law enforcement authority, if the report is made in good faith.
- 3.3.24** NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY: Contractor provides its assurance that it will comply with all requirements of applicable Federal and State laws that no person providing or receiving services under this contract will be excluded from participation, or be otherwise subjected to discrimination because of race, color, religion, gender, sexual orientation, national origin, age, disability or political affiliation or belief.

3.4 ADMINISTRATIVE REQUIREMENT AND LIMITATIONS

- 3.4.1** Contractor will be required to procure all insurances required by this RFA and to list AACOG as an additional insured on each policy prior to the commencement of any work pursuant to a contract executed as a result of this RFA. Liability coverage and deductibles must be acceptable to AACOG.
- 3.4.2** Respondents must be able to demonstrate the necessary administrative and fiscal capability necessary to successfully provide required services and to meet the financial accountability requirements of federal grants.
- 3.4.3** AACOG Contractors are subject to compliance monitoring. At any time during normal business hours, and as often as deemed necessary, AACOG and HHSC or any of their duly authorized representatives shall have complete access to any books, invoices, payrolls, time sheets, or any other records or papers which are related to a contract resulting from this RFA for the purpose of verifying contractual, program and financial compliance with

- all applicable laws, rules, regulations and policies
- 3.4.4 Contractor must provide reports upon demand as may be requested or required by AACOG.
 - 3.4.5 Private for-profit corporations submitting an application must include a statement signed by an authorized representative of the corporation authorizing submission of an application.
 - 3.4.6 AACOG shall require the Contractor to remove any employee from the contract who is alleged to have committed an offense subsequent to the background check performed.
 - 3.4.7 Respondents must possess the knowledge, experience and expertise, professional judgment and capacity within their organization to perform the services and activities requested under this RFA.

PART 4.0 – PROPOSAL REVIEW AND SELECTION PROCESS

4.1 EVALUATION PROCESS

- 4.1.1 An initial review of responsiveness and eligibility with the criteria specified in the RFA by AACOG personnel.
- 4.1.2 All eligible applications will be evaluated and scored by an independent team of reviewers. Proposer's qualifications will be evaluated on specific criteria outlined in Section 4.2 by reviewers using a standardized scoring matrix.
- 4.1.3 Applicants will be determined:
 - 4.1.3.1 Acceptable for contract
 - 4.1.3.2 Deficient

4.3 PROPOSER'S ACCEPTANCE OF EVALUATION METHODOLOGY

By submitting an application, Proposer acknowledges:

4.3.1 Proposer's acceptance of the application evaluation process

4.3.2 The criteria for selection

4.3.3 Proposer's recognition that certain subjective judgments may be generated during evaluation

4.4 PROCUREMENT DISPUTE RESOLUTION

Appeal and Debriefing Process

4.4.1 Appeal Process

4.4.1.1 Respondents not selected for funding may appeal only with respect to any fault or violation of law or regulation regarding the procurement process. Appeals must be filed within **ten calendar days** of receipt of AACOG notification of final action. Appeals shall be directed to:

David Ogura
Contract and Procurement Manager
Alamo Area Council of Governments
Procurement Department
2700 NE Interstate 410 Loop, Suite 101
San Antonio, TX 78217

- 4.4.1.2** The appeal must indicate the AACOG action appealed and the violation, which forms the basis for the appeal, and shall be signed by the appellant organization's authorized representative. Fax and e-mail transmittals will not be accepted. The filing of the appeal must be within the time frame identified. There is no relief accorded appellants for not filing within the published deadlines. Hearings shall be conducted in accordance with existing Agency procedures.
- 4.4.1.3** Respondents must provide a detailed statement of legal and factual grounds including copies of relevant documents; and the form of relief requested.
- 4.4.1.4** Respondents may NOT appeal the scoring and ranking of applications, unless substantiated by material or relevant facts;
- 4.4.1.5** Respondents may NOT appeal solely on the belief that their application is superior to the one selected for award.
- 4.4.1.6** Respondents understand that review and action shall be considered final, with no further formalities considered.

4.4.2 Debriefing Process

Respondents not selected by this procurement process, and have elected not to file an appeal, may submit within 10 days of the receipt of AACOG notification of the procurement decision, a Request for Debriefing to obtain information on the procurement process and how their application or offer was received and ranked. AACOG shall acknowledge receipt of the Request for Debriefing in writing within 10 days of receipt, along with the date and time of the scheduled Debriefing. The Debriefing shall be scheduled as soon as possible and no later than 10 days from the receipt of the Request for Debriefing. A debriefing is offered as a courtesy to any bidder who is not selected for funding. The purpose of the debriefing is to promote the exchange of information, explain the application evaluation system, and help unsuccessful bidders understand why they were not selected.

PART 5.0 – APPLICATION RESPONSE REQUIREMENTS

5.1 NUMBER OF APPLICATIONS

Respondents must submit one (1) unbound complete original, to include all executed certifications and authorized signatures, plus four (4) copies, application copies, for a total of five (5) exact applications. Contact Information and Special Instructions

The construction contract has a liquidated damages clause in it and your firm will be held responsible for not completing this project in the time frame allocated. It is the contractor's responsibility to contact AACOG and document rain day exceptions and any other unforeseen events. It will be up to the discretion of AACOG to determine if claims made for any time extensions to this contract are reasonable and valid.

Upon awarding of the contract to your firm by AACOG please contact the homeowner and arrange for a pre-construction meeting. During this meeting discuss your timeline for completion of this project. Discuss any special needs you may need to complete this project. Please ask the homeowner if they have any special needs and or concerns about this project. AACOG will send the Notice to Proceed, to start the project.

Possible issues to discuss:

1. Where do your workers park?
2. Where is material to be delivered?
3. What time is work to begin and end and on what days?
4. What about small children?
5. What about pets?
6. What about bathroom accommodations?

Please leave an emergency contact phone number with the homeowner in case something was overlooked during the day and homeowner needs to contact you after work hours.

Please clean the work area at the end of each work day. Dispose of all trash and debris. Make sure that when you leave for the day that the homeowner has access to the plumbing fixtures. Make sure that any utilities that were turned off earlier in the day are functional prior to your departure.

All of the materials that are required for this project have particular model specifications. Any deviation from

the list of allowable material will result in non –payment. Variation from the attached specifications is not encouraged; if there is no other option available then all changes in materials must be approved by AACOG staff in writing. You will be assigned an AACOG inspector for your project. If the project is located in a building jurisdiction that has an ongoing building permit and inspection program, than you will be required to obtain all necessary building permits and inspections. If the project is in a rural area without an ongoing inspection program than the AACOG Inspector will perform the required inspections. Do not cover any inaccessible area until the appropriate inspections are obtained. Contact the AACOG Inspector for required inspections

**** Special Note****

If you choose to locate/ purchase this type of shower stall locally, it will have to meet the following requirements:

Wheel chair accessible. 3/4" or less threshold height. Comparable to same size as those specified above. L x W x H. 30 year manufacturer's guarantee.

Meets or exceeds these code and or standards requirements: CODES: Designed and manufactured in compliance with the following standards and codes: A.N.S.I. Z124.2 Standards for Plastic Showers; I.P.C. International Plumbing Code; U.P.C. Uniform Plumbing Code.

Meets or exceed the specifications regarding the shower stall accessories.

Submit a change order request in writing with all of the accompanying documentation/specifications for the specific unit, regarding the above requirements and submit this request for approval.

Do not purchase and or order any substituted item that deviates from the approved specifications unless you receive written approval from AACOG. If you or your sub-contractors install unapproved fixtures and or accessories you shall not be paid for those items. Approval after the fact for unauthorized fixtures, material and or accessories is a disallowed cost.

Note:

These shower stalls come with a water stopper/retainer or collapsible water dam of some type to keep the water in the shower stall. The water retainer sometimes looks like an upside down letter "T" which is caulked in place. A wheel chair can then run over it and it springs back into shape. In some instances, the Description of Work (DOW) may call for a Semi-Permanent Threshold to be installed and generally this is an optional threshold that is caulked in place with silicone caulking over the water retaining device. It can be removed at a later date if there is a reason to do so. If there is not a need for a wheel chair, the semi-permanent threshold will be specified to be installed in the shower stall. Be advised that these are two (2) separate

items and the semi-permanent threshold may not come standard and you will have to order it as optional if it is being required in the DOW for a specific project.

Grab Bar specifications:

See the Texas accessibility Standards for grab bar placement, installation, load requirements. The 2012 ADA Standards for Accessible Design is also a good resource for useful information on this topic. Be sure to plan ahead and back block for the grab bars early in the process.

General requirements:

Grab bars and any wall or other surfaces adjacent to grab bars shall be free of sharp or abrasive element and shall have rounded ends. Grab bars shall not rotate within their fittings. Grab bars shall be installed in any manner that provides a gripping surface at the specified locations and that does not obstruct the required clear floor space.

Allowed structural strength stress shall not exceed material specifications used, when a vertical or horizontal force of 250 lbs. is applied at any point on the grab bar, fastener, mounting device or supporting structure.

It is the contractor's responsibility to plan ahead and back brace between framing members adequately to support the grab bar installation. While the Texas Accessibility Standards suggest specific height and measurements regarding the location and installation of the grab bars. It is strongly recommend that you consult the end user of the grab bar for the appropriate location. TAS determines the number of grab bars based on the size of the shower stall and also the size and location of the shower seat and tub seat. Your contract will list the specific number of grab bars to be installed, their specific lengths and the specific size of any required tub and or shower stall seat.

The following information is given as a guide as to where you might find various sizes of grabs bars.

ADA compliant Shower Valve Specifications:

Note:

The prefabricated fiberglass shower stalls either come prepackaged with all plumbing accessories, shower valve, trim kit, grab bars hand held showers, curtain rod, shower curtain , water dam, drain, etc.... OR you can purchase these items to make a complete kit from each shower stall supplier. The ADA shower valve specifications listed below are meant to be used when the Description of Work specifies a site built ceramic tile shower stall.

Moen Chateau Model # M62370. Posy Temp Single Handle Tub/ Shower Valve with trim kit. Brass construction. 1/4"turn stops Adjustable temperature limit stop to control Maximum hot water temperature Pressure balancing mechanism maintains selected discharge temperature to +- 3 degrees F. Handle operates counterclockwise through a 270 degree arc . ADA compliant.

Moen 4-Function Massaging hand shower with slide Bar and Bracket. Model # 3867. 69 inch double interlock spiral hose (metal). A Vacuum Breaker with 30 inch slide bar with push button height selection. Available at multiple supply houses

Ramp Specifications:

RAMP DESCRIPTION AND INSTRUCTIONS:

Note:

The ramp instruction shall not deviate from this specification otherwise stipulated in the DOW

Treated wood:

Ramp shall maintain no more than a 1 inch rise per 1 foot of horizontal run throughout entire length. A 5 Ft. by 5 Ft. wood landing built to the same specifications and material as the ramp shall be installed level and square at the front entrance to the house where ramp terminates.

Ramp shall be constructed as follows:

Minimum 3 feet wide and shall be 4"X 4" treated wood posts on 4 foot centers embedded in concrete, 18 inches below grade. 2" X 6" Tread. 2" x 8" stringers shall be bolted to vertical wood support posts. Three (3) 2" X 6" wood rails on both sides of ramp and landing. Two 2" x 6" wood railings installed 32" to 36" above tread and one 2" X 6" wood rail installed above tread to the bottom of the 2" x 2" balusters. (The purpose of bottom rail is to prevent wheel chair wheels from running off of ramp).

Three 2" X 6" wood rails shall be installed on both sides of ramp. All 2" x 6" wood railings to run entire length of ramp. 2" X 2" wood square balusters on 4" center spacing runs both sides of entire run of ramp. These balusters tie together the bottom 2" X 6" turned on edge above the tread with the two 2" X 6" wood hand rails installed 32" to 36" above tread. One of these wood hand rails installed flat on top of balusters to provide a hand hold rail and the other 2"X 6" wood rail is installed on edge so that the two upper handrails form a right angle with both upper handrails attached to the 2' X 2" vertical balusters for added support.

A level and square treated wood 5 Ft. X 5 Ft. landing is to be built at the entrance to the house where the ramp terminates. This landing shall be built to the same specifications as detailed above for the ramp.

All connectors and fasteners to be rust resistant stainless steel, hot dipped galvanized, bronze or zinc coated to prevent rust.

All tread fasteners shall be countersunk. All corners on rough lumber hand rails to be sanded smooth or routed smooth. Provide for a ½' radius on each corner of the wood handrails to eliminate square corners.

Note:

Any ramp with a horizontal run greater than 72 inches (6 Ft.), shall have a continuous 1.25 to 1.5 inch outside diameter metal rust resistant handrail on both sides mounted at between 34 and 38 inches above the ramp surface with rounded ends or returned ends. Handrails shall extend 12 inches beyond the top and bottom of ramps, parallel to the landing surface with rounded or returned ends. 1.5 inch space is required between the rail and the wood surface behind the metal hand rail. Metal handrail shall be primed and painted two coats exterior grade metal paint.

Additional specifications required per project:

If your project calls for a ramp or a site built ceramic tile shower stall, additional diagrams, working drawings and building information shall be attached on the Description of Work (DOW).

Installation Guidelines:

Installation Procedures for Drywall:

To prevent problems, use good quality framing lumber and follow these recommendations:
For walls 8 feet high or less, run drywall sheets perpendicular to the studs or horizontally, with the long side of the drywall sheets parallel to the floor.
Make sure the drywall is tight against the framing before fastening.
Install with screws, which have better holding power than nails and are less likely to tear or weaken the drywall facing. Use the correct length fastener. Either longer or shorter than recommended can lead to nail pops.

Maintain the temperature at 55°F to 70°F during and after applying the joint compound.

If using fiberglass mesh rather than paper tape, use setting-type joint compound to embed the mesh, since it is not as strong as paper tape.

Install drywall on ceilings before walls and use floating corners to allow for some movement. Keep butted joints (short ends) to a minimum, and butt the sheets together loosely. Because they are untapered they are more visible.

Framing Specifications for Successful Drywall Installation:

Drywall should be installed over straight and level framing. If the framing is excessively wet, it will crack the drywall and cause nail pops as it shrinks. If the framing is twisted, bowed, or out of alignment, it will cause weak points in the surface and possible cracking. Repair or replace problem studs before installing the drywall.

Framing Spans Recommended for Ceiling & Wall Drywall Installation. Consult Applicable Building Code requirements for Local jurisdiction.

The building should be heated before finishing begins and maintained at 55°F to 70°F throughout taping and finishing. If the weather is too hot and dry, paper drywall tape may not bond well and joints may experience excess shrinkage and cracking.

Mesh vs. Paper Tape Choices for Drywall Seams:

Mesh tape is easier to apply but not as strong as paper tape. It should never be used in inside corners, where it can tear or be cut by the trowel. However, if combined with setting-type compound, mesh tape is nearly as strong as paper tape and can produce a quality job. Mesh tape is also very useful for repairing cracks in older plaster walls or ceilings.

Selection Samples:

Provide Color charts illustrating full range of colors and patterns. Samples of actual tiles for selection. Show homeowner prior to beginning tile work.

Colors: To be selected from manufacturer's standard range. Minimum 6 selections.

Manufacturer's Certificate:

Certify that products meet or exceed specified requirements. (ANSI A137.1, 1988 - Specifications for Ceramic Tile)

Maintenance Data:

Include recommended cleaning methods, cleaning materials, stain removal methods, and polishes and waxes.

QUALITY ASSURANCE:

Company specializing in performing the work of this section with minimum two years' experience.

Single Source Responsibility:

Obtain each type and color of tile from a single source. Obtain each type and color of mortar, adhesive and grout from the same source.

DELIVERY, STORAGE, AND HANDLING:

Deliver and store products in manufacturer's unopened packaging until ready for installation. Protect adhesives and liquid additives from freezing or overheating in accordance with manufacturer's instructions.

Store tile and setting materials on elevated platforms, under cover and in a dry location and protect from contamination, dampness, freezing or overheating.

ENVIRONMENTAL REQUIREMENTS:

Do not install adhesives in an unventilated environment.
Maintain ambient and substrate temperature of 50 degrees F (10 degrees C) during tiling and for a minimum of 7 days after completion.

EXTRA MATERIALS:

Revise quantity as required. Delete if extra materials are not required.
Provide for Owner's use a minimum of 2 percent of the primary sizes and colors of tile specified, boxed and clearly labeled.

PRODUCTS:

Insure that tile type complies with the following standards for residential ceramic tile installation in a shower stall application.

| | |
|------------|---|
| ASTM C1028 | <p>Slip Test</p> <p>This standard tests the anti-slip properties by determining the coefficient of friction between the tile and a body with a rubber surface. This test is performed in both dry and wet conditions. The COF (coefficient of friction) is defined as the horizontal force needed to overcome the vertical force of the objects weight.</p> <p>ADA recommendations floor tile meet or exceed a rating of .60 wet and dry.</p> |
|------------|---|

| | |
|---------------------------|---|
| ISO 10545-7 ASTM C1027 | <p>Resistance to Abrasion and Tread Wear</p> <p>Abrasion resistance is the capacity of the glazed surface to resist the wear caused by foot traffic or the abrasion caused by mechanical equipment. The wear action determines the suitable applications for each tile. Class 5 Heavy Commercial: suitable for intense commercial and all residential; Class 4 Commercial: suitable for medium commercial and all residential; Class 3 Heavy Residential, Light Commercial; suitable for all residential, average abrasion; Class 2 Residential: suitable for residential excluding kitchen, entryways, and stairs; Class 1 Light Residential: barefoot traffic and traffic without abrasive dirt; Class 0 Wall tile only; not suitable for floors.</p> <p>Through body porcelain tile does not have a glaze and does not receive this test. It receives the deep abrasion test 10545-6. (conform or not conform)</p> |
|---------------------------|---|

| | |
|-------------|--|
| ISO 10545-3 | <p>Water Absorption</p> <p>Absorption is the product capacity for water penetration. Porcelain tile is an impervious, very dense product with a very low absorbency rate. Ceramic tiles are more porous and generally less durable than porcelain tiles due to a less dense body composition. Ceramic wall tiles are the least dense and can have a water absorption rate of over 10% of its weight. Porcelain tile is less than .5% absorption by definition therefore it meets ISO standard 10545-3.</p> |
|-------------|--|

| | |
|-------------|---|
| ISO 10545-4 | <p>Break Strength</p> <p>Tests the tiles resistance to heavy loads. The breaking strength is the force needed to break the tile.</p> |

the end of this section. General: Provide tile that complies with ANSI A137.1 for types, compositions and other characteristics indicated. Provide tile in the locations and of the type's, colors and pattern indicated on the Drawings and identified in the Description of Work (DOW). Tile shall also be provided in accordance with the following:

TRIM AND ACCESSORIES

**** NOTE TO SPECIFIER **** Delete the following accessories if not required. Accessories are available in an extremely limited color selection.

- Ceramic Accessories: Glazed finish, same color and finish as adjacent field tile; same manufacturer as tile.
- Soap Dish: surface mounted or recessed; cast strength sufficient to resist lateral pull force of 75 lbs. (34 Kg).
- Towel Bars: Standard design, surface mounted with extensions for casting into small wall openings; cast strength sufficient to resist lateral pull force of 30 lbs. (14 Kg).
- Corner Shelf.

**** NOTE TO SPECIFIER **** Delete the following trim if not required.

- Non-Ceramic Trim: Satin natural anodized extruded aluminum, stainless steel, brass, etc., style and dimensions to suit application, for setting using tile mortar or adhesive; use in the following locations:
 - Open edges of floor tile.
 - Transition between floor finishes of different heights.
 - Thresholds at door openings.
 - Expansion and control joints, floor and wall.

**** NOTE TO SPECIFIER **** Edit the following as required. Delete the following thresholds if not required.

- Provide and install transition between tile surface and adjoining finishes and at the following locations:
 - At doorways where tile terminates.
 - At open edges of floor tile where adjacent finish is a different height.

SETTING MATERIALS

**** NOTE TO SPECIFIER **** Delete materials not applicable to installation methods specified in PART 3 - INSTALLATION of this specification.

- Organic Adhesive: ANSI A136.1, thinset bond type; use Type I in areas subject to prolonged moisture exposure.
- Epoxy Adhesive: ANSI A118.3, thinset bond type.
- Mortar Bed Materials:
 - Portland cement: ASTM C150, type 1, gray or white.
 - Hydrated Lime: ASTM C207, Type S.
 - Sand: ASTM C144, fine.
 - Latex additive: As approved.
 - Water: Clean and potable.
- Mortar Bond Coat Materials:
 - Dry-Set Portland Cement type: ANSI A118.1.
 - Latex-Portland Cement type: ANSI A118.4.
 - Epoxy: ANSI A118.3, 100 percent solids.

Standard Grout: Cement grout, sanded or unsanded, as specified in ANSI A118.6; color as selected.

- Polymer modified cement grout, sanded or unsanded, as specified in ANSI A118.7; color as selected.
- Epoxy Grout: ANSI A118.8, 100 percent solids epoxy grout; color as selected.
- Silicone Sealant: Silicone sealant, moisture and mildew resistant type, white; use for shower floors and shower walls.

- Cleavage Membrane:
- ** NOTE TO SPECIFIER ** Delete one of the following two paragraphs.
 - No. 15 (6.9 kg) asphalt saturated felt, ASTM D226, Type 1.
 - Polyethylene film, ASTM D4397, 4.0 mil thickness.
- ** NOTE TO SPECIFIER ** Select one of the following six paragraphs. Delete entirely if not required or if specified elsewhere.
 - Waterproofing Membrane at Floors: Membrane in accordance with ANSI A118.10 and as follows:
 - Chlorinated Polyethylene Sheet with polyester fabric reinforcing.
 - Fabric Reinforced, Fluid-Applied elastomeric membrane.
 - Un-Reinforced, Fluid-Applied elastomeric membrane.
 - Polyethylene Sheet Product.
 - Fabric-Reinforced, Modified-Bituminous Sheet Product.
 - Urethane Waterproofing and Tile-Setting Adhesive Product.
 - Consult local building code officials for approval of waterproofing membrane
- ** NOTE TO SPECIFIER ** Delete one of the following two paragraphs.
 - Membrane at Walls: No. 15 (6.9 kg) asphalt saturated felt, ASTM D226, Type 1.
 - Membrane at Walls: 4 mil (0.1 mm) thick polyethylene film, ASTM D4397.
 - Membrane at Walls: Reinforced asphalt paper.
- ** NOTE TO SPECIFIER ** Delete one of the following two paragraphs.
 - Reinforcing Mesh: 2 by 2 inch (50 by 50 mm) size weave of 16/16 wire size; welded fabric, galvanized.
 - Metal Lath: ASTM C847, Flat expanded diamond mesh, not less than 2.5 lbs. /SY, galvanized finish.
- ** NOTE TO SPECIFIER ** Delete paragraphs that are not required.
 - Cement Backer Board: ANSI A118.9; High density, cement, glass fiber reinforced with 2 inch (50 mm) wide coated glass fiber tape for joints and corners:
 - Thickness: 1/4 inch (6 mm).
 - Thickness: 1/2 inch (13 mm).
 - Thickness: 5/8 inch (16 mm).

EXECUTION

EXAMINATION

- Verify that wall surfaces are free of substances which would impair bonding of setting materials, smooth and flat within tolerances specified in ANSI A137.1, and are ready to receive tile.
- Verify that sub-floor surfaces are dust-free, and free of substances which would impair bonding of setting materials to sub-floor surfaces, and are smooth and flat within tolerances specified in ANSI A137.1.
- Verify that concrete sub-floor surfaces are ready for tile installation by testing for moisture emission rate and alkalinity; obtain instructions if test results are not within limits recommended by tile manufacturer and setting materials manufacturer.
- Verify that required floor-mounted utilities are in correct location.

PREPARATION

- Protect surrounding work from damage.
- Remove any curing compounds or other contaminants.
- Vacuum clean surfaces and damp clean.
- Seal substrate surface cracks with filler. Level existing substrate surfaces to acceptable flatness tolerances.
- Install cement backer board in accordance with ANSI A108.11 and board manufacturer's instructions. Tape joints and corners, cover with skim coat of dry-set mortar to a feather edge.

- Prepare substrate surfaces for adhesive installation in accordance with adhesive manufacturer's instructions.

INSTALLATION - GENERAL

- Install tile and grout in accordance with applicable requirements of ANSI A108.1 through A108.13, manufacturer's instructions, and TCA Handbook recommendations.
- Lay tile to pattern indicated. Arrange pattern so that a full tile or joint is centered on each wall and that no tile less than 1/2 width is used. Do not interrupt tile pattern through openings.
- Cut and fit tile to penetrations through tile, leaving sealant joint space. Form corners and bases neatly. Align floor joints.
- Place tile joints uniform in width, subject to variance in tolerance allowed in tile size. Make joints watertight, without voids, cracks, excess mortar, or excess grout.
- Form internal angles square and external angles bull nosed.

**** NOTE TO SPECIFIER **** Delete the following paragraph if no ceramic accessories have been specified.

- Install ceramic accessories rigidly in prepared openings.
- Install non-ceramic trim in accordance with manufacturer's instructions.

**** NOTE TO SPECIFIER **** Delete the following paragraph if no marble thresholds have been specified.

- Install thresholds where indicated.
- Sound tile after setting. Replace hollow sounding units.
- Keep expansion joints free of adhesive or grout. Apply sealant to joints.
- Allow tile to set for a minimum of 48 hours prior to grouting.
- Grout tile joints. Use standard grout unless otherwise indicated.
- Apply sealant to junction of tile and dissimilar materials and junction of dissimilar planes.

**** NOTE TO SPECIFIER **** Delete all of the following installation conditions that are not relevant. Consult with TCA Handbook recommendations for additional installation options.

INSTALLATION - SHOWERS AND BATHTUB WALLS

- At tiled shower receptors install in accordance with TCA Handbook Method B415, mortar bed floor, and W244, thin-set over cement backer unit walls.
- At bathtub walls install in accordance with TCA Handbook Method B412, over cementitious backer units with waterproofing membrane.
- Grout with standard grout as specified above.
- Seal joints between tile work and other work with sealant specified in Section 07900.

INSTALLATION - WALL TILE

**** NOTE TO SPECIFIER **** Delete one of the following two paragraphs. If not applicable, delete both.

- Over cementitious backer units on studs, install in accordance with TCA Handbook Method W244, using membrane at toilet rooms.
- Over cementitious backer units install in accordance with TCA Handbook Method W223, organic adhesive.
- Over gypsum wallboard on wood or metal studs install in accordance with TCA Handbook Method W243, thin-set with dry-set or latex-portland cement bond coat, unless otherwise indicated.
- Where mortar bed is indicated, install in accordance with TCA Handbook Method W222, one coat method.
- Where waterproofing membrane is indicated other than at showers and bathtub walls, install in accordance with TCA Handbook Method W222, one coat method.
- Over interior concrete and masonry install in accordance with TCA Handbook Method W202, thin-set with dry-set or latex-portland cement bond coat.
- Over wood studs without backer install in accordance with TCA Handbook Method W231, mortar bed, with membrane where indicated.
- Over metal studs without backer install in accordance with TCA Handbook Method W241,

mortar bed, with membrane where indicated.

CLEANING

- Clean tile and grout surfaces.
- PROTECTION OF FINISHED WORK
- Do not permit traffic over finished floor surface for 72 hours after installation.
- Cover floors with kraft paper and protect from dirt and residue from other trades.
- Where floor will be exposed for prolonged periods cover with plywood or other similar type walkways

**** NOTE TO SPECIFIER **** The following is an example of a typical schedule of tile types, colors, and installation methods. Edit to suit project. Delete if schedule is on drawings or not required. Identify each tile by assigned tile number (FT1, FT2, etc.); Identify installation Method from the TCA Handbook and include ANSI Spec reference as appropriate.

ATTACHMENT C - EXECUTIVE SUMMARY

Provide a brief summary highlighting your organization's history; qualifications and experience; overall approach to delivering the services solicited in this RFA; and any unique or innovative aspects of your application. Briefly state the proposer's understanding of the service to be provided and make a positive commitment to perform the work in a timely manner.

ATTACHMENT D - APPLICATION NARRATIVE

- 1. Organizational Capacity **40 Points****
- **Business Organization:** State full name and address of your organization and identify parent company if you are a subsidiary. Specify the branch office or other subordinate element which will perform, or assist in performing, work herein. Indicate whether you operate as a partnership, corporation, or individual. Include the State in which incorporated or licensed to operate and your Lead Safety Certification.
 - **System Concept and Solution:** Define in detail your understanding of the requirements presented in the Scope of Work of this request for application and your system solution. Provide all details as required in the Scope of Work and any additional information you deem necessary to evaluate your knowledge of AACOG and HHSC regulations
 - **Project Management Structure:** Provide a general explanation and chart which specifies project leadership and reporting responsibilities; and who will interface with the AACOG project management and team personnel. Provide a detailed description of fiscal controls, reporting capabilities and performance accountability protocol. If use of subcontractors is proposed, identify their placement in the primary management structure, and provide internal management description for each subcontractor.
 - **Personnel:** Include names and qualifications of all professional personnel who will be assigned to this project, to include Lead Safety Certification. State the primary work task assigned to each person and the percentage of time each person will devote to this work.
Subcontracting: Include company names and qualifications of all subcontracts that you anticipate with work under this RFA.
- 2. Demonstrated Performance **45 Points****
- **Prior Experience:** Describe only relevant corporate experience and individual experience for personnel for the past three (3) years who will be actively engaged in the project. Do not include corporate experience unless personnel assigned to this project actively participated. Do not include experience prior to 2015. Supply the project title, year, and reference name, title, present address, and phone number of principal person for whom prior projects were accomplished
- 3. Financial Stability **15 Points****
- Respond to the following related to your financial stability:
 - No bankruptcies in past seven (7) years.
 - The corporate budget will allow for a payment frequency of not more than 90-days
 - Corporate management are capable of preparing accurate and timely billing to AACOG
 - There are currently no issues related to corporate cash-flow that would require AACOG to prepare multiple payments within a 30-day period.
 - Respondent agrees to be compensated in accordance with the **Standard Price List** identified in **(Exhibit A, B and C)**.

CONFLICT OF INTEREST QUESTIONNAIRE (Page 2)

A complete copy of Chapter 176 of the Local Government Code may be found at <http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm>. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

- (A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;
- (B) a transaction conducted at a price and subject to terms available to the public; or
- (C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

(2) the vendor:

- (A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds \$2,500 during the 12-month period preceding the date that the officer becomes aware that
 - (i) a contract between the local governmental entity and vendor has been executed; or
 - (ii) the local governmental entity is considering entering into a contract with the vendor;
- (B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than \$100 in the 12-month period preceding the date the officer becomes aware that:
 - (i) a contract between the local governmental entity and vendor has been executed; or
 - (ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

- (1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);
- (2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or
- (3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

- (1) the date that the vendor:
 - (A) begins discussions or negotiations to enter into a contract with the local governmental entity; or
 - (B) submits to the local governmental entity an application, response to a request for proposal or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or
- (2) the date the vendor becomes aware:
 - (A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);
 - (B) that the vendor has given one or more gifts described by Subsection (a); or
 - (C) of a family relationship with a local government officer.

| NAME OF INDIVIDUAL, AGENCY, BUSINESS OR ORGANIZATION | | Doing business as (DBA), if applicable: | |
| ADDRESS | Applicable Procurement or Solicitation #, if any: | Federal Employer Tax Identification #: | |

READ CAREFULLY BEFORE SIGNING THIS CERTIFICATION. Federal regulations require contractors, bidders, and sub grantees to sign and abide by the terms of this certification, without modification, in order to participate in certain transactions directly or indirectly involving federal funds.

1. By signing and submitting this certification, the prospective vendor/grantee is attesting/acknowledging the representations set out below.
2. This certification is a material representation of fact upon which the Alamo Area Council of Governments (AACOG) will rely on when this transaction is entered into. If it is later determined that the prospective vendor/grantee knowingly rendered an erroneous certification, in addition to other remedies available to Federal or State departments or funding agency(s), AACOG may pursue on its own available remedies, including contract termination, suspension and debarment.
3. **The prospective vendor/grantee shall provide immediate written notice to AACOG, Director of Administrative Services, 2700 NE Loop 410, Suite 101, San Antonio, TX 78217, if at any time it learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.**
4. The terms “covered contract”, “debarred”, “suspended”, “ineligible”, “participant”, “person”, “principal”, “application”, and “voluntarily excluded”, as used in this certification, have meanings based upon materials in the Definitions and Coverage sections of federal rules implementing Executive Order 12549. You may contact the person to which this application or contract is submitted for assistance in obtaining a copy of this regulation.
5. The prospective vendor/grantee agrees, by submitting this certification, that should the proposed contract/grant be entered into, it shall not knowingly enter into any lower-tier-covered transaction or sub-contract with a person or entity that is proposed for debarment, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this transaction, unless pre-authorized by the appropriate federal or state department or agency, or by AACOG.
Do you have or do you anticipate having sub-vendors/sub-grantees under this proposed agreement? Yes
 No
6. The prospective vendor/grantee further agrees by submitting this certification, that it will include this certification titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion for Contracts and Grants,” without modification, in all lower-tier covered transactions and sub-contracts and in all solicitations for lower-tier covered transactions and sub-contracts.
7. A vendor/grantee may rely upon a certification of a prospective participant that it is not proposed for debarment, debarred, suspended, ineligible, or voluntarily excluded from the transaction, unless it knows that the certification is erroneous. Each vendor/grantee is required to check the list of parties excluded from Federal and State Procurement and Non-procurement Programs. **AACOG checks this list for all parties to which it provides funds that are derived directly or indirectly from the Federal Government.**
8. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this certification document. Participants are not required to have knowledge and information exceeding that which is normally possessed by a prudent person in the ordinary course of business activity.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a transaction knowingly enters into a lower-tier transaction or contract with a person who is proposed for debarment, debarred, suspended, ineligible, or voluntarily excluded from participation, in addition to other remedies available to the Federal Government, AACOG or its applicable funding agency(s) may pursue available remedies, including contract termination, suspension and/or debarment.
